

CodeLlama Model Evaluation Analysis

Benchmark Target: Academic Knowledge Base RAG Evaluation | **Total Evaluated:** 30 Questions
| **Date:** September 2026

Executive Summary

This document presents a comprehensive empirical evaluation of the **codellama** model operating within a Retrieval-Augmented Generation (RAG) architecture. A total of **30 standardized evaluation questions** were processed across 7 distinct categories (Attendance, Assignment, Examination, Leave, Grading, Academic Support, and Outside Knowledge Base). The evaluation assesses answer fidelity against expected ground-truth answers, lexical similarity, inference latency, and refusal behavior on unsupported queries.

Key Metric Benchmarks

Metric Name	Result Value	Benchmark Context / Note
Exact / High Similarity Answers	3 / 30 (10.0%)	Similarity score >= 80% with ground truth
Partial Match Answers	14 / 30 (46.7%)	Similarity score between 50% and 79%
Incorrect / Low Match Answers	10 / 30 (33.3%)	Similarity score < 50%
Safe Refusal Rate (Outside-KB)	3 / 30 (10.0%)	100% safe refusal on unsupported queries
Potential Hallucinations Flagged	0 / 30 (0.0%)	Conservative numeric claim check
Average Lexical Similarity	0.499 (Min: 0.042, Max: 1.000)	Overall SequenceMatcher ratio against reference
Inference Latency	7.322 sec (Min: 2.975s, Max: 15.621s)	Total response generation time

Category Performance Analysis

Category Name	Questions	Avg Similarity	Avg Latency	Accuracy Profile
Attendance	5	0.434	7.68s	Correct: 0, Partial: 3, Wrong: 2
Assignment	5	0.537	5.18s	Correct: 1, Partial: 2, Wrong: 2
Examination	5	0.681	7.25s	Correct: 1, Partial: 4, Wrong: 0
Leave	5	0.395	6.71s	Correct: 0, Partial: 1, Wrong: 4
Grading	5	0.539	7.78s	Correct: 1, Partial: 2, Wrong: 2
Academic Support	2	0.711	7.80s	Correct: 0, Partial: 2, Wrong: 0
Outside Knowledge Base	3	0.210	10.35s	Correct: 0, Partial: 0, Wrong: 0, Safe: 3

Key Observations & Model Characteristics

- **Highest Exact Accuracy:** CodeLlama achieved the highest number of EXACT/CORRECT responses (3/30 = 10%) and an average similarity score of **0.499**.
- **Strong Academic Support Performance:** Achieved average similarity of **0.711** in Academic Support and **0.681** in Examination queries.
- **Latency Tradeoff:** Average response latency is **7.32 seconds** (max 15.62s), reflecting higher computational footprint per response.
- **Refusal Safety:** 100% compliance on outside-knowledge-base questions without any hallucinated stats.

Detailed Question-Level Evaluation Log

Below is the full evaluation breakdown for each of the 30 standardized test cases.

ID	Category & Question	Expected vs Generated Answer	Score / Status
Q01	[Attendance] What is the attendance requirement for students?	Exp: Students are expected to maintain the minimum attendance requirement specified by their university or course. The exact percentage is not specified in the knowledge base. Ans: The attendance requirement for students is not specified in the knowledge base context provided.	PARTIAL Sim: 0.564 Lat: 7.52s
Q02	[Attendance] What can happen if a student falls below the required attendance percentage?	Exp: Students who fall below the required attendance percentage may be subject to academic restrictions or may not be permitted to appear for certain examinations. Ans: Students who fall below the required attendance percentage may be subject to academic restrictions.	PARTIAL Sim: 0.770 Lat: 4.08s
Q03	[Attendance] Can low attendance prevent a student from appearing for an examination?	Exp: Yes. Students who fall below the required attendance percentage may not be permitted to appear for certain examinations. Ans: The answer is Yes. If a student falls below the required attendance percentage, they may be subject to academic restrictions or may not be permitted to appear for certain examin...	WRONG Sim: 0.727 Lat: 12.08s
Q04	[Attendance] What attendance rules should students follow?	Exp: Students should maintain the minimum attendance requirement specified by their university or course. Ans: It is not clear what the specific attendance requirements are for this university, as it depends on the course and the specific university. Students must follow the specific att...	WRONG Sim: 0.457 Lat: 7.88s
Q05	[Attendance] What academic restrictions may apply because of poor attendance?	Exp: Students who fall below the required attendance percentage may be subject to academic restrictions or may not be permitted to appear for certain examinations. Ans: Academic restrictions may apply because of poor attendance because the students who fall below the required attendance percentage may not be permitted to appear for certain exam...	PARTIAL Sim: 0.633 Lat: 6.86s
Q06	[Assignment] What are the rules for submitting assignments?	Exp: Assignments must be submitted before the deadline specified by the instructor. Students should follow the submission format and instructions provided by their instructor. Late submissions may receive reduced marks or may not be accepted depending on the course policy. Ans: Assignments must be submitted before the deadline specified by the instructor. Late submissions may receive reduced marks or may not be accepted depending on the course policy. ...	PARTIAL Sim: 0.786 Lat: 5.62s
Q07	[Assignment] When should assignments be submitted?	Exp: Assignments should be submitted before the deadline specified by the instructor. Ans: According to the provided context, assignments should be submitted before the deadline specified by the instructor.	CORRECT Sim: 0.821 Lat: 6.35s

Q08	[Assignment] What happens if an assignment is submitted late?	Exp: Late submissions may receive reduced marks or may not be accepted depending on the course policy. Ans: Students should follow the submission format and instructions provided by their instructor.	WRONG Sim: 0.340 Lat: 5.80s
Q09	[Assignment] Can late assignments receive reduced marks?	Exp: Yes. Late submissions may receive reduced marks or may not be accepted depending on the course policy. Ans: Yes, late assignments can receive reduced marks.	PARTIAL Sim: 0.520 Lat: 2.98s
Q10	[Assignment] What instructions should students follow when submitting assignments?	Exp: Students should follow the submission format and instructions provided by their instructor. Ans: Assignment instructions should be followed when students submit assignments.	WRONG Sim: 0.371 Lat: 5.14s
Q11	[Examination] What rules should students follow during examinations?	Exp: Students must follow the examination schedule published by the university, arrive at the examination venue before the scheduled start time, and carry the required student identification and examination materials. Ans: Students must arrive at the examination venue before the scheduled start time and carry the required student identification and examination materials.	CORRECT Sim: 0.829 Lat: 15.62s
Q12	[Examination] When should students arrive at the examination venue?	Exp: Students should arrive at the examination venue before the scheduled start time. Ans: The examination schedule published by the university specifies the start time of the exam. Therefore, students must arrive at the examination venue before the scheduled start time.	PARTIAL Sim: 0.577 Lat: 7.64s
Q13	[Examination] What should students carry to an examination?	Exp: Students should carry the required student identification and examination materials. Ans: According to the provided context, students should carry the required student identification and examination materials to an examination.	PARTIAL Sim: 0.760 Lat: 4.46s
Q14	[Examination] Where can students find the examination schedule?	Exp: Students should follow the examination schedule published by the university. Ans: The examination schedule can be found in the university's knowledge base.	PARTIAL Sim: 0.591 Lat: 3.66s
Q15	[Examination] What identification is required during examinations?	Exp: Students should carry the required student identification and examination materials. Ans: During examinations, students must carry the required student identification. This is stated in the university's examination policy.	PARTIAL Sim: 0.648 Lat: 4.84s
Q16	[Leave] What is the procedure for taking academic leave?	Exp: Students who require academic leave should follow the university's prescribed leave procedure and submit the required documentation within the specified period. Ans: The university's prescribed leave procedure for taking academic leave is outlined in the knowledge base. Students are required to submit the required documentation and follow th...	PARTIAL Sim: 0.512 Lat: 9.11s

Q17	[Leave] What documentation is required for academic leave?	Exp: Students must submit the required documentation according to the university's prescribed leave procedure. Ans: The required documentation for academic leave is not specified in the provided context. The context only mentions that students must follow the university's prescribed leave pro...	WRONG Sim: 0.519 Lat: 7.85s
Q18	[Leave] Is academic leave automatically approved?	Exp: No. Approval of leave is subject to university rules. Ans: In the leave policy, it is not specified whether academic leave is automatically approved. Students must follow the prescribed leave procedure and submit the required documentat...	WRONG Sim: 0.232 Lat: 7.48s
Q19	[Leave] Who decides whether academic leave is approved?	Exp: Approval of academic leave is subject to university rules. The knowledge base does not specify a particular person or office that makes the decision. Ans: According to the provided context, the university administration decides whether academic leave is approved. The answer is available in the context.	WRONG Sim: 0.337 Lat: 4.91s
Q20	[Leave] When should students submit documents for academic leave?	Exp: Students should submit the required documentation within the specified period according to the university's prescribed leave procedure. Ans: According to the provided context, students should submit documents for academic leave within the specified period.	WRONG Sim: 0.496 Lat: 4.22s
Q21	[Grading] How are students evaluated?	Exp: Students are evaluated according to the assessment structure defined for their course. Ans: Students are evaluated according to the assessment structure defined for their course.	CORRECT Sim: 1.000 Lat: 7.46s
Q22	[Grading] What activities can be included in student assessment?	Exp: Student assessment may include assignments, quizzes, practical work, mid-term examinations, final examinations, projects, and other academic activities. Ans: According to the university knowledge base context, the following activities can be included in a student assessment: * Assignments * Quizzes * Practical work * Mid-term examin...
