

RAG Model Benchmark — Side-by-Side Comparison

Comprehensive Question-by-Question Evaluation of CodeLlama 7B vs Llama 3.2 (3B) vs Mistral 7B

1. Executive Summary & Model Overview

Model Name	Accuracy / Pass Rate	Correct	Safe Refusal	Partial	Wrong	Avg Sim Score	Avg Latency
CodeLlama 7B	20.0%	3	3	14	10	0.499	7.32s
Llama 3.2 (3B)	10.0%	0	3	11	16	0.402	4.21s
Mistral 7B	16.7%	2	3	12	13	0.431	8.56s

2. Category Performance Comparison

Category	CodeLlama 7B (Acc / Lat)	Llama 3.2 3B (Acc / Lat)	Mistral 7B (Acc / Lat)
Academic Support	0% (7.80s)	0% (3.71s)	0% (7.23s)
Assignment	20% (5.18s)	0% (3.35s)	0% (10.15s)
Attendance	0% (7.68s)	0% (4.87s)	20% (9.49s)
Examination	20% (7.25s)	0% (3.13s)	20% (6.96s)
Grading	20% (7.78s)	0% (5.19s)	0% (8.95s)
Leave	0% (6.71s)	0% (4.52s)	0% (8.83s)
Outside Knowledge Base	100% (10.35s)	100% (4.48s)	100% (6.82s)

3. Detailed Question-by-Question Comparison (Q1 – Q30)

Below is the side-by-side comparison of each question, expected answer, and responses from all 3 models.

Q01 Category: Attendance		
Question: What is the attendance requirement for students?		
Expected Answer: <i>Students are expected to maintain the minimum attendance requirement specified by their university or course. The exact percentage is not specified in the knowledge base.</i>		
Model	Generated Response	Status & Metrics
CodeLlama 7B	The attendance requirement for students is not specified in the knowledge base context provided.	PARTIAL Sim Score: 0.564 Latency: 7.52s
Llama 3.2 (3B)	According to the knowledge base context, the information on the attendance requirement for students is not explicitly stated. The context mentions that students are expected to maintain the minimum attendance requirement specified by their university or course, but it does not provide the specific percentage or threshold required.	WRONG Sim Score: 0.434 Latency: 5.42s
Mistral 7B	The attendance requirement for students is not specified in the provided context.	PARTIAL Sim Score: 0.518 Latency: 6.66s

Q02 Category: Attendance		
Question: What can happen if a student falls below the required attendance percentage?		
Expected Answer: <i>Students who fall below the required attendance percentage may be subject to academic restrictions or may not be permitted to appear for certain examinations.</i>		
Model	Generated Response	Status & Metrics
CodeLlama 7B	Students who fall below the required attendance percentage may be subject to academic restrictions.	PARTIAL Sim Score: 0.770 Latency: 4.08s
Llama 3.2 (3B)	According to the knowledge base context, if a student falls below the required attendance percentage, they may be subject to academic restrictions.	PARTIAL Sim Score: 0.616 Latency: 2.31s
Mistral 7B	If a student falls below the required attendance percentage, according to the provided context, they may be subject to academic restrictions or may not be permitted to appear for certain examinations.	CORRECT Sim Score: 0.838 Latency: 6.21s

Q03 | Category: Attendance

Question: Can low attendance prevent a student from appearing for an examination?

Expected Answer: Yes. Students who fall below the required attendance percentage may not be permitted to appear for certain examinations.

Model	Generated Response	Status & Metrics
CodeLlama 7B	The answer is Yes. If a student falls below the required attendance percentage, they may be subject to academic restrictions or may not be permitted to appear for certain examinations. This is according to the attendance policy provided in the university knowledge base.	WRONG Sim Score: 0.072 Latency: 12.08s
Llama 3.2 (3B)	According to the Attendance Policy, students who fall below the required attendance percentage may be subject to academic restrictions, but it does not explicitly state that it would prevent them from appearing for an examination. Therefore, the answer is not available in the knowledge base.	WRONG Sim Score: 0.019 Latency: 5.56s
Mistral 7B	Yes, according to the provided context, low attendance may prevent a student from appearing for an examination. The Attendance Policy states that students who fall below the required attendance percentage may be subject to academic restrictions or may not be permitted to appear for certain examinations.	PARTIAL Sim Score: 0.547 Latency: 11.39s

Q04 | Category: Attendance

Question: What attendance rules should students follow?

Expected Answer: Students should maintain the minimum attendance requirement specified by their university or course.

Model	Generated Response	Status & Metrics
CodeLlama 7B	It is not clear what the specific attendance requirements are for this university, as it depends on the course and the specific university. Students must follow the specific attendance requirements of the university and their course.	WRONG Sim Score: 0.096 Latency: 7.88s
Llama 3.2 (3B)	According to the knowledge base context, students should follow the attendance policy, which includes: * Maintaining the minimum attendance requirement specified by their university or course. * Not falling below the required attendance percentage, as failing to do so may result in academic restrictions or inability to appear for certain examin...	WRONG Sim Score: 0.335 Latency: 5.95s
Mistral 7B	The knowledge base indicates that students should maintain the minimum attendance requirement specified by their university or course. If they fall below the required attendance percentage, they may be subject to academic restrictions or may not be permitted to appear for certain examinations.	PARTIAL Sim Score: 0.508 Latency: 9.03s

Q05 | Category: Attendance

Question: What academic restrictions may apply because of poor attendance?

Expected Answer: *Students who fall below the required attendance percentage may be subject to academic restrictions or may not be permitted to appear for certain examinations.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	Academic restrictions may apply because of poor attendance because the students who fall below the required attendance percentage may not be permitted to appear for certain examinations.	PARTIAL Sim Score: 0.669 Latency: 6.86s
Llama 3.2 (3B)	According to the context, poor attendance may result in "academic restrictions." However, the context does not specify what these restrictions are. It only mentions that students who fall below the required attendance percentage may be subject to these restrictions, but does not provide further details.	WRONG Sim Score: 0.368 Latency: 5.12s
Mistral 7B	According to the provided context, academic restrictions that may apply due to poor attendance could include being subject to restrictions such as not being permitted to appear for certain examinations. However, the specifics of these restrictions might vary depending on the university or course regulations, and detailed information about them i...	WRONG Sim Score: 0.020 Latency: 14.13s

Q06 | Category: Assignment

Question: What are the rules for submitting assignments?

Expected Answer: *Assignments must be submitted before the deadline specified by the instructor. Students should follow the submission format and instructions provided by their instructor. Late submissions may receive reduced marks or may not be accepted depending on the course policy.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	Assignments must be submitted before the deadline specified by the instructor. Late submissions may receive reduced marks or may not be accepted depending on the course policy. Students should follow the submission format and instructions provided by their instructor.	PARTIAL Sim Score: 0.634 Latency: 5.62s
Llama 3.2 (3B)	According to the knowledge base context, the rules for submitting assignments are as follows: * Assignments must be submitted before the deadline specified by the instructor. * Late submissions may receive reduced marks or may not be accepted, depending on the course policy. * Students should follow the submission format and instructions provid...	WRONG Sim Score: 0.317 Latency: 5.44s
Mistral 7B	The rules for submitting assignments, as per the provided context, include: 1. Submissions must be made before the deadline specified by the instructor. 2. Late submissions may receive reduced marks or may not be accepted, depending on the course policy. 3. Students should follow the submission format and instructions provided by their instruct...	WRONG Sim Score: 0.220 Latency: 17.14s

Q07 | Category: Assignment

Question: When should assignments be submitted?

Expected Answer: *Assignments should be submitted before the deadline specified by the instructor.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	According to the provided context, assignments should be submitted before the deadline specified by the instructor.	CORRECT Sim Score: 0.821 Latency: 6.35s
Llama 3.2 (3B)	According to the knowledge base context, assignments should be submitted before the deadline specified by the instructor.	PARTIAL Sim Score: 0.796 Latency: 2.75s
Mistral 7B	According to the provided context, assignments should be submitted before the deadline specified by the instructor. The exact date and time of the deadline will vary depending on the specific course and assignment.	PARTIAL Sim Score: 0.544 Latency: 10.23s

Q08 | Category: Assignment

Question: What happens if an assignment is submitted late?

Expected Answer: *Late submissions may receive reduced marks or may not be accepted depending on the course policy.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	Students should follow the submission format and instructions provided by their instructor.	WRONG Sim Score: 0.340 Latency: 5.80s
Llama 3.2 (3B)	According to the knowledge base context, if an assignment is submitted late, it may receive reduced marks or may not be accepted depending on the course policy.	PARTIAL Sim Score: 0.716 Latency: 3.62s
Mistral 7B	If the information is not explicitly stated in the provided context, it's not available in the knowledge base. However, based on the general academic practices, it's likely that late submissions of assignments may receive reduced marks or may not be accepted, depending on the course policy. It's advisable to consult the specific course policy or...	WRONG Sim Score: 0.012 Latency: 12.91s

Q09 | Category: Assignment

Question: Can late assignments receive reduced marks?

Expected Answer: Yes. Late submissions may receive reduced marks or may not be accepted depending on the course policy.

Model	Generated Response	Status & Metrics
CodeLlama 7B	Yes, late assignments can receive reduced marks.	PARTIAL Sim Score: 0.520 Latency: 2.98s
Llama 3.2 (3B)	Yes, late assignments can receive reduced marks, according to the Assignment Policy.	PARTIAL Sim Score: 0.677 Latency: 1.84s
Mistral 7B	Yes, according to the provided context, late assignments may receive reduced marks, depending on the course policy.	PARTIAL Sim Score: 0.664 Latency: 4.19s

Q10 | Category: Assignment

Question: What instructions should students follow when submitting assignments?

Expected Answer: Students should follow the submission format and instructions provided by their instructor.

Model	Generated Response	Status & Metrics
CodeLlama 7B	Assignment instructions should be followed when students submit assignments.	WRONG Sim Score: 0.371 Latency: 5.14s
Llama 3.2 (3B)	According to the Knowledge Base Context, when submitting assignments, students should follow the instructions provided by their instructor, including the submission format.	PARTIAL Sim Score: 0.525 Latency: 3.10s
Mistral 7B	According to the Assignment Policy provided, students should follow the submission format and instructions provided by their instructor when submitting assignments.	PARTIAL Sim Score: 0.714 Latency: 6.29s

Q11 | Category: Examination

Question: What rules should students follow during examinations?

Expected Answer: *Students must follow the examination schedule published by the university, arrive at the examination venue before the scheduled start time, and carry the required student identification and examination materials.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	Students must arrive at the examination venue before the scheduled start time and carry the required student identification and examination materials.	CORRECT Sim Score: 0.829 Latency: 15.62s
Llama 3.2 (3B)	According to the knowledge base context, students should follow the following rules during examinations: 1. Arrive at the examination venue before the scheduled start time. 2. Carry the required student identification and examination materials. Note that there is no specific guidance on the content or behavior to be expected during the examina...	WRONG Sim Score: 0.073 Latency: 6.54s
Mistral 7B	According to the provided context, students should follow the rules outlined in the Examination Policy during examinations. These rules include arriving at the examination venue before the scheduled start time, carrying the required student identification, and carrying the necessary examination materials. However, the context does not specify an...	WRONG Sim Score: 0.059 Latency: 13.98s

Q12 | Category: Examination

Question: When should students arrive at the examination venue?

Expected Answer: *Students should arrive at the examination venue before the scheduled start time.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	The examination schedule published by the university specifies the start time of the exam. Therefore, students must arrive at the examination venue before the scheduled start time.	PARTIAL Sim Score: 0.577 Latency: 7.64s
Llama 3.2 (3B)	According to the provided knowledge base context, students should arrive at the examination venue before the scheduled start time.	PARTIAL Sim Score: 0.762 Latency: 2.93s
Mistral 7B	Students should arrive at the examination venue before the scheduled start time, as stated in the Examination Policy.	CORRECT Sim Score: 0.812 Latency: 5.95s

Q13 | Category: Examination

Question: What should students carry to an examination?

Expected Answer: *Students should carry the required student identification and examination materials.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	According to the provided context, students should carry the required student identification and examination materials to an examination.	PARTIAL Sim Score: 0.760 Latency: 4.46s
Llama 3.2 (3B)	According to the Examination Policy in the knowledge base context, students should carry the required examination materials to an examination.	PARTIAL Sim Score: 0.504 Latency: 2.35s
Mistral 7B	According to the provided context, students should carry the required student identification and examination materials to an examination.	PARTIAL Sim Score: 0.760 Latency: 4.20s

Q14 | Category: Examination

Question: Where can students find the examination schedule?

Expected Answer: *Students should follow the examination schedule published by the university.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	The examination schedule can be found in the university's knowledge base.	PARTIAL Sim Score: 0.591 Latency: 3.66s
Llama 3.2 (3B)	According to the knowledge base context, students can find the examination schedule published by the university.	PARTIAL Sim Score: 0.691 Latency: 2.11s
Mistral 7B	The examination schedule can be found by referring to the schedule published by the university, as stated in the Examination Policy.	PARTIAL Sim Score: 0.510 Latency: 4.59s

Q15 | Category: Examination

Question: What identification is required during examinations?

Expected Answer: *Students should carry the required student identification and examination materials.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	During examinations, students must carry the required student identification. This is stated in the university's examination policy.	PARTIAL Sim Score: 0.648 Latency: 4.84s
Llama 3.2 (3B)	According to the provided context, the required identification is "student identification".	WRONG Sim Score: 0.491 Latency: 1.72s
Mistral 7B	The knowledge base provides information about examinations, but it does not specify the exact identification required during examinations. However, it is implied that students should carry the required student identification.	WRONG Sim Score: 0.194 Latency: 6.10s

Q16 | Category: Leave

Question: What is the procedure for taking academic leave?

Expected Answer: *Students who require academic leave should follow the university's prescribed leave procedure and submit the required documentation within the specified period.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	The university's prescribed leave procedure for taking academic leave is outlined in the knowledge base. Students are required to submit the required documentation and follow the specified period to approve their leave.	PARTIAL Sim Score: 0.538 Latency: 9.11s
Llama 3.2 (3B)	According to the knowledge base context, the procedure for taking academic leave is as follows: 1. Students who require academic leave should follow the university's prescribed leave procedure. 2. They should submit the required documentation within the specified period. 3. Approval of leave is subject to university rules. This is the availabl...	PARTIAL Sim Score: 0.550 Latency: 6.93s
Mistral 7B	The procedure for taking academic leave can be found in the university's prescribed leave procedure. Students should submit the required documentation within the specified period. Approval of leave is subject to university rules. (Answer derived from Leave Policy context.)	WRONG Sim Score: 0.499 Latency: 10.58s

Q17 | Category: Leave**Question: What documentation is required for academic leave?**

Expected Answer: *Students must submit the required documentation according to the university's prescribed leave procedure.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	The required documentation for academic leave is not specified in the provided context. The context only mentions that students must follow the university's prescribed leave procedure and submit the required documentation within the specified period. It does not provide information on what the required documentation might be.	WRONG Sim Score: 0.333 Latency: 7.85s
Llama 3.2 (3B)	According to the knowledge base context, the required documentation for academic leave is not explicitly stated. However, it is mentioned that students who require academic leave should follow the university's prescribed leave procedure and submit the required documentation within the specified period.	WRONG Sim Score: 0.363 Latency: 4.21s
Mistral 7B	The provided context does not specify the exact documentation required for academic leave. It is recommended to check with the appropriate faculty member, academic department, student support office, or university administration for detailed information.	WRONG Sim Score: 0.084 Latency: 6.41s

Q18 | Category: Leave**Question: Is academic leave automatically approved?**

Expected Answer: *No. Approval of leave is subject to university rules.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	In the leave policy, it is not specified whether academic leave is automatically approved. Students must follow the prescribed leave procedure and submit the required documentation within the specified period, and the approval of leave is subject to the rules of the university.	WRONG Sim Score: 0.272 Latency: 7.48s
Llama 3.2 (3B)	According to the knowledge base context, the information is not available. The context states that "Approval of leave is subject to university rules", but it does not explicitly state whether academic leave is automatically approved or not.	WRONG Sim Score: 0.348 Latency: 3.73s
Mistral 7B	No, academic leave is not automatically approved. Approval of leave is subject to university rules, and students must follow the prescribed leave procedure and submit the required documentation within the specified period.	WRONG Sim Score: 0.385 Latency: 6.28s

Q19 | Category: Leave

Question: Who decides whether academic leave is approved?

Expected Answer: Approval of academic leave is subject to university rules. The knowledge base does not specify a particular person or office that makes the decision.

Model	Generated Response	Status & Metrics
CodeLlama 7B	According to the provided context, the university administration decides whether academic leave is approved. The answer is available in the context.	WRONG Sim Score: 0.337 Latency: 4.91s
Llama 3.2 (3B)	According to the provided context, the information is not available in the knowledge base. The context states that "Approval of leave is subject to university rules", but it does not specify who decides whether academic leave is approved.	WRONG Sim Score: 0.310 Latency: 4.01s
Mistral 7B	In the provided context, it is stated that approval of academic leave is subject to university rules. However, the context does not specify who exactly makes the decision regarding academic leave approval. It could be university administration, faculty members, or designated staff within the student support office. To get a more precise answer, ...	WRONG Sim Score: 0.210 Latency: 11.38s

Q20 | Category: Leave

Question: When should students submit documents for academic leave?

Expected Answer: Students should submit the required documentation within the specified period according to the university's prescribed leave procedure.

Model	Generated Response	Status & Metrics
CodeLlama 7B	According to the provided context, students should submit documents for academic leave within the specified period.	WRONG Sim Score: 0.496 Latency: 4.22s
Llama 3.2 (3B)	According to the knowledge base context, students who require academic leave should submit the required documentation "within the specified period" after following the university's prescribed leave procedure. The exact time frame is not specified.	WRONG Sim Score: 0.298 Latency: 3.74s
Mistral 7B	According to the provided context, students should submit documents for academic leave within the specified period that is part of the university's prescribed leave procedure. The exact date or period is not specified in the context, so students should refer to the university's official regulations or guidelines for the correct submission date.	WRONG Sim Score: 0.437 Latency: 9.48s

Q21 | Category: Grading

Question: How are students evaluated?

Expected Answer: *Students are evaluated according to the assessment structure defined for their course.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	Students are evaluated according to the assessment structure defined for their course.	CORRECT Sim Score: 1.000 Latency: 7.46s
Llama 3.2 (3B)	According to the provided context, students are evaluated according to the assessment structure defined for their course, which may include assignments, quizzes, practical work, mid-term examinations, final examinations, projects, and other academic activities.	WRONG Sim Score: 0.415 Latency: 5.06s
Mistral 7B	Students are evaluated according to the assessment structure defined for their course. This may include assignments, quizzes, practical work, mid-term examinations, final examinations, projects, and other academic activities. (Answer)	PARTIAL Sim Score: 0.537 Latency: 10.71s

Q22 | Category: Grading

Question: What activities can be included in student assessment?

Expected Answer: *Student assessment may include assignments, quizzes, practical work, mid-term examinations, final examinations, projects, and other academic activities.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	According to the university knowledge base context, the following activities can be included in a student assessment: * Assignments * Quizzes * Practical work * Mid-term examinations * Final examinations * Projects * Other academic activities	PARTIAL Sim Score: 0.516 Latency: 10.20s
Llama 3.2 (3B)	According to the knowledge base context, the following activities can be included in student assessment: 1. Assignments 2. Quizzes 3. Practical work 4. Mid-term examinations 5. Final examinations 6. Projects Other academic activities are also included in the assessment structure, but they are not specified in the provided context.	WRONG Sim Score: 0.062 Latency: 6.28s
Mistral 7B	The information available in the knowledge base suggests that student assessment can include assignments, quizzes, practical work, mid-term examinations, final examinations, and projects. Other academic activities may also be part of the student assessment, but the context does not specify these. For a comprehensive list of all possible academic...	WRONG Sim Score: 0.361 Latency: 14.82s

Q23 | Category: Grading**Question: Can assignments and quizzes be part of the grading structure?****Expected Answer:** *Yes. Assignments and quizzes may be included in the assessment structure defined for the course.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	The answer to the question is yes. In the provided context, the assessment structure for the course may include assignments and quizzes. Students must submit their assignments and quizzes before the deadlines specified by the instructor.	WRONG Sim Score: 0.186 Latency: 10.56s
Llama 3.2 (3B)	Yes, according to the knowledge base context, assignments and quizzes can be part of the grading structure. The context states that students are evaluated "according to the assessment structure defined for their course," which includes assignments and quizzes, among other academic activities.	WRONG Sim Score: 0.149 Latency: 5.05s
Mistral 7B	Yes, according to the provided context, assignments and quizzes can be part of the grading structure as they are mentioned in the Grading Policy section.	PARTIAL Sim Score: 0.538 Latency: 7.75s

Q24 | Category: Grading**Question: Can practical work and projects be included in assessment?****Expected Answer:** *Yes. Practical work and projects may be included in the assessment structure.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	The knowledge base does not provide information on the inclusion of practical work and projects in assessment.	WRONG Sim Score: 0.481 Latency: 4.58s
Llama 3.2 (3B)	Yes, according to the knowledge base context, practical work and projects can be included in assessment as part of the course. The context mentions that students are evaluated according to the assessment structure defined for their course, and this structure includes assignments, quizzes, practical work, mid-term examinations, final examinations...	WRONG Sim Score: 0.124 Latency: 5.57s
Mistral 7B	Yes, according to the provided context, practical work and projects can be included in assessment. The Grading Policy mentions that students are evaluated based on various academic activities, which includes practical work and projects.	WRONG Sim Score: 0.153 Latency: 6.79s

Q25 | Category: Grading

Question: Are mid-term and final examinations part of student evaluation?

Expected Answer: Yes. Mid-term examinations and final examinations may be included in the assessment structure.

Model	Generated Response	Status & Metrics
CodeLlama 7B	Yes, mid-term and final examinations are part of student evaluation, as they are both types of examinations as defined in the Examination Policy.	PARTIAL Sim Score: 0.510 Latency: 6.11s
Llama 3.2 (3B)	Yes, mid-term and final examinations are part of student evaluation, as per the Grading Policy. The knowledge base context mentions that assessments may include mid-term examinations and final examinations as part of the overall evaluation structure for students.	WRONG Sim Score: 0.286 Latency: 4.00s
Mistral 7B	Yes, according to the provided Grading Policy, mid-term and final examinations are part of student evaluation.	WRONG Sim Score: 0.461 Latency: 4.67s

Q26 | Category: Academic Support

Question: Who should students contact if they have questions about academic procedures?

Expected Answer: Students should contact the appropriate faculty member, academic department, student support office, or university administration.

Model	Generated Response	Status & Metrics
CodeLlama 7B	According to the provided university knowledge base context, students who have questions about academic procedures should contact the appropriate faculty member, academic department, student support office, or university administration.	PARTIAL Sim Score: 0.672 Latency: 9.40s
Llama 3.2 (3B)	According to the knowledge base context, students who have questions about academic procedures should contact the appropriate faculty member, academic department, student support office, or university administration.	PARTIAL Sim Score: 0.711 Latency: 4.21s
Mistral 7B	Students should contact the appropriate faculty member, academic department, student support office, or university administration if they have questions about academic procedures, according to the provided context.	PARTIAL Sim Score: 0.756 Latency: 8.79s

Q27 | Category: Academic Support

Question: Where can students get help with academic procedures?

Expected Answer: Students can get help from the appropriate faculty member, academic department, student support office, or university administration.

Model	Generated Response	Status & Metrics
CodeLlama 7B	Academic Support Students who have questions about academic procedures should contact the appropriate faculty member, academic department, student support office, or university administration.	PARTIAL Sim Score: 0.751 Latency: 6.20s
Llama 3.2 (3B)	According to the knowledge base context, students who have questions about academic procedures should contact the appropriate faculty member, academic department, student support office, or university administration.	PARTIAL Sim Score: 0.625 Latency: 3.20s
Mistral 7B	The information in the knowledge base suggests that students with questions about academic procedures should contact the appropriate faculty member, academic department, student support office, or university administration.	PARTIAL Sim Score: 0.618 Latency: 5.66s

Q28 | Category: Outside Knowledge Base

Question: What is the minimum attendance percentage required at this university?

Expected Answer: The exact minimum attendance percentage is not specified in the knowledge base.

Model	Generated Response	Status & Metrics
CodeLlama 7B	The university requires a minimum attendance percentage requirement for students. This percentage is not explicitly stated in the provided context. It is unclear whether the university or course has a specific minimum attendance requirement, but it is reasonable to assume that the university has a general attendance policy that applies to all st...	SAFE_REFUSAL Sim Score: 0.042 Latency: 13.41s
Llama 3.2 (3B)	The minimum attendance percentage required at this university is not explicitly stated in the provided knowledge base context. The context mentions that students are expected to maintain the minimum attendance requirement, but it does not specify the percentage.	SAFE_REFUSAL Sim Score: 0.293 Latency: 4.10s
Mistral 7B	The information about the minimum attendance percentage required at this university is not available in the provided knowledge base context.	SAFE_REFUSAL Sim Score: 0.612 Latency: 4.31s

Q29 | Category: Outside Knowledge Base**Question: What is the maximum number of days of academic leave allowed?****Expected Answer:** *The maximum number of academic leave days is not specified in the knowledge base.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	The university's prescribed leave procedure is the best source of information regarding the maximum number of days of academic leave allowed. However, if the university's prescribed leave procedure does not provide information on the maximum number of days of academic leave allowed, the answer is not available in the knowledge base.	SAFE_REFUSAL Sim Score: 0.240 Latency: 9.19s
Llama 3.2 (3B)	The context does not provide information about the maximum number of days of academic leave allowed. It only mentions the procedure for students requiring academic leave, the need to submit documentation within a specified period, and that approval is subject to university rules, but does not specify the duration or maximum number of days allowe...	SAFE_REFUSAL Sim Score: 0.045 Latency: 5.08s
Mistral 7B	The information about the maximum number of days of academic leave allowed is not available in the provided knowledge base context. Students are advised to refer to the university's prescribed leave procedure for specific details.	SAFE_REFUSAL Sim Score: 0.277 Latency: 7.02s

Q30 | Category: Outside Knowledge Base**Question: What is the exact penalty percentage for submitting an assignment late?****Expected Answer:** *The exact late-submission penalty percentage is not specified in the knowledge base. The knowledge base only states that late submissions may receive reduced marks or may not be accepted depending on the course policy.*

Model	Generated Response	Status & Metrics
CodeLlama 7B	The exact penalty percentage for submitting an assignment late is not available in the provided context.	SAFE_REFUSAL Sim Score: 0.348 Latency: 8.45s
Llama 3.2 (3B)	The exact penalty percentage for submitting an assignment late is not available in the provided knowledge base context. The context only mentions that late submissions may receive "reduced marks" or may not be accepted, but it does not specify a specific percentage.	SAFE_REFUSAL Sim Score: 0.140 Latency: 4.26s
Mistral 7B	The provided context does not specify an exact penalty percentage for submitting an assignment late. The penalty may vary depending on the course policy, and could range from reduced marks to the assignment not being accepted at all. For specific details, students should refer to the policies outlined for their individual courses.	SAFE_REFUSAL Sim Score: 0.069 Latency: 9.12s
